# NELDNER ROAD

BAROSSA

## OWN A PIECE OF DAVE POWELL'S BAROSSA

After 40+ years in the wine business, I have now begun what I hope will be my final chapter.

The six vineyards I chose to represent our single vineyard series: two Shiraz vineyards from each the Barossa Valley and Eden Valley, one Grenache vineyard and one Mataro vineyard. Some of these vineyards are the same vines that I first brought back to life and have now been tending to for over two decades.

My aim is for the freshness of fruit, vibrancy, and liveliness in my wines with no compromise to vineyard expression. All viticultural and vinification decisions are made based on a balance of these two qualities. By doing so I believe that I create wines that are expressive of their place: my home, the Barossa.

B A R O S S A

At Rockford, we're committed to keeping the best of the traditional Australian wine trade alive and sharing this with our customers. One of the Barossa's great strengths is the diversity, consistency and quality of the grapes supplied each year by its small independent vignerons. Their knowledge, tenacity and commitment to the land have ensured the Barossa's viticultural prosperity is there to be shared with future generations.

Our red grapes are hand-forked into our 1880's wooden Bagshaw de-stemmer, to the soundtrack of the 1920's Kaesler stationary petrol engine. They're then open fermented on skins before being gently basket pressed. Our components are aged separately in a combination of seasoned French and American oak hogsheads and large oak casks for around two years. This allows the tannins to soften and the colours and flavours to consolidate. We then bottle under the highest quality cork.

The Penfolds logo is written in a classic, flowing red script font. The word 'Penfolds' is followed by a small registered trademark symbol (®).

St Henri is a time-honoured and alternative expression of shiraz, and an intriguing counterpoint to Grange. It is unusual among high quality Australian red wines as it does not rely on any new oak. Released for the first time by Penfolds in the early 1950s (first commercial vintage 1957), it gained a new lease of life in the 1990s as its quality and distinctive style became better understood. Proudly, a wine style that hasn't succumbed to the dictates of fashion or commerce. St Henri is rich and plush when young, gaining soft, arthy, mocha-like characters as it ages. It is matured in old, 1,460 litre vats that allow the wine to develop, imparting minimal, if any oak character. Although a small proportion of cabernet is sometimes used to improve structure, the focal point for St Henri remains shiraz.

## FEN JIU

Hailing from the province of Shanxi in northern China, Fen Jiu is celebrated for its extraordinary history, almost as enduring as the Chinese civilisation itself.

Regarded as the birthplace of Chinese liquor and liquor culture, Shanxi's mountainous regions and cool climates provide the perfect environment for the production of Fen Jiu.

Aptly dubbed as the 'foundation of China's liquor industry' and the 'living fossil that has witnessed the development of China's mastery in distillation,' each bottle of Fen Jiu relies solely on natural conditions and resources in its production to minimise impurities - a technique finessed from over 6,000 years of liquor crafting.

### **紅玻汾 Hong Bo Fen 53% Vol 500ml**

138

Fen Jiu has a proud history of excellence in brewing and is known as the Founder of the Chinese liquor industry. As such it rightfully enjoys its place at the heart of celebrations and hospitality in Chinese culture. Fen Jiu Red is a very popular bai jiu known for its mild and sweet taste.

### **老白汾 Lai Bai Fen 53% Vol 500ml**

188

A symbol of Chinese celebration and hospitality, Fen Jiu is renowned as "the Founder of Chinese liquor industry" due to its brewing excellence. Lao Bai Fen bai jiu, aged for 10 years and designed for international export, comes in a unique porcelain bottle featuring a traditional drinking cup atop, offering an elegant, mild, and enduring fragrance.

### **巴拿马 Panama 53% Vol 475ml**

228

Fen Jiu, hailed as the "Founder of Chinese liquor industry," epitomizes Chinese celebration and hospitality. The Panama bottle commemorates Fen Jiu's 1915 "Grand Prize" at the Panama-Pacific International Exposition, showcasing its global prominence in bai jiu.

### **青花 Qing Hua 53% Vol 500ml**

380

Known as "Qing Hua" in Chinese, Fen Jiu is a flagship bai jiu celebrated for its floral and fruit notes, nutty undertones, and plum accents, embodying rich and elegant Chinese flavors. Its packaging features blue and white porcelain, symbolizing the essence of Chinese heritage, merging Fen Jiu's history with classic porcelain spirit culture.

### **丝绸之路 Silk Road 55% Vol 750ml**

480

This bottle features traditional Chinese elements like blue and white designs, sea waves, auspicious clouds, sailing boats, and sorghum, all adorned in real gold. It's highly collectible due to the use of exclusive rare green raw grains, intricate production and blending, exceptional purity surpassing global safety standards, and limited availability in overseas markets.

Dr Loosen has been in the same family for more than 200 years and its present guardian, Ernst Loosen, is one of the great characters of the wine world. He assumed ownership of the estate in 1988 and immediately realised that, with ungrafted vines averaging 60 years old in some of Germany's best-rated vineyards, he had the raw materials to create stunningly intense, world-class wines. To achieve this, Erni dramatically reduced his crop size and ceased using chemical fertilisers, preferring only moderate use of organic fertilisers. And most importantly, he turned to gentler cellar practices that allow the wine to develop to its full potential with a minimum of handling and technological meddling.

### The traditional PRÄDIKAT system

**QUALITÄTSWEIN/QbA** QbA is an acronym for Qualitätswein bestimmter Anbaugebiete, which means a wine that comes entirely from one of the 13 designated wine regions. This is an estate's basic wine and can often be a very good value, especially from top-rated producers. Chaptalisation is allowed in QbA wines but the top estates don't do it.

**QUALITÄTSWEIN MIT PRÄDIKAT/QMP** Literally means 'quality wine with distinction'. These are ranked in ascending order of ripeness: Kabinett, Spätlese, Auslese, Beerenauslese, Eiswein and Trockenbeerenauslese. Chaptalisation isn't allowed; natural grape sugar alone determines this classification. As the must weight determines the category, and each category covers a range of sugar levels, you can expect a scale of fruitiness or sweetness in each category. In addition, some wines suitable for one level may, for market reasons, be moved to the category below. The great producers do not work to minimum specifications – they consistently work to their own much higher standards.

**KABINETT** Kabinett has the lowest minimum ripeness level of the Prädikats, and is therefore typically the lightest and most delicate style an estate produces. The wines are gently sweet or fruity, demonstrating explosive juicy ripe green apple flavours and pear nectar textures. They're generally low in alcohol (7-10%), soft, easy-drinking and food-friendly. The alcohol levels are low because the wines often contain a fair amount of unfermented (residual) sugar which serves to balance the searing acidity. There'll typically be around 30 g/L of residual sugar and 8 g/L of acid. So although there's a lot of sugar, the impression is fruity rather than sweet. In a Kabinett trocken, the sugar has been fully fermented, like in an Australian dry Riesling. The alcohol will be higher and the wine will be more stony/steely.

**SPÄTLESE** Spätlese is German for "late harvested". The wines usually have more richness and body than Kabinett because the grapes are allowed to ripen for an extra week or more. Once harvested, the wine can be fermented fruity ("lieblich"), half-dry (halbtrocken) or dry (trocken), depending on the winemaker's preference.

**AUSLESE** Auslese means "selected from the harvest" and denotes super-ripe, late-harvested grapes that are selected cluster by cluster. Often made in a fruity style with residual sweetness, Auslese is considered by most winemakers to be their finest achievement, aside from the rare dessert wines. Top winemakers often make several Auslese from different selections based on botrytis levels. The 'Goldkapsel' designation on some of our Auslesen denote this kind of extra special selection.

**BEERENAUSLESE/BA** Beerenauslese refers to hand selected berries from bunches of botrytis-shrivelled fruit picked at a minimum potential alcohol of 15.3%. Production of these wines is counted in bottles, not cases. They're incredibly rich, botrytised, sweet, super complex and very long. But thanks to their wondrous natural counterbalancing acidity, they're also clean as a whistle. How do they do this? The secret is in the very long ripening period. Remember, Germany is at the northern extremity of where Riesling grapes will ripen. The fruit matures over a long time, in relatively cool conditions. Acidity is retained as the berries reach ultra ripeness. The resulting wines are expensive, but no serious wine list should be without one.

**EISWEIN** Meaning "ice wine", this is denotes dessert wines made from overripe grapes that have frozen solid on the vine. They're harvested quickly and pressed while still frozen so that only concentrated grape juice is extracted. Most of the water stays in the press as ice, so the resulting wine is very concentrated and pure, with vibrant, racy acidity.

**TROCKENBEERENAUSLESE/TBA** Germany's greatest, rarest dessert wine and the last of the six Prädikat levels is lusciously sweet, pure nectar. 'Trocken' (dry) here refers to the individually selected berries which have been completely shrivelled by the botrytis mould.

**About Bass Phillip Wines**

The wines of Bass Phillip are endowed with vibrant fruit and considerable delicacy, and evolve and develop dramatically with aeration in a swirling glass or decent decanting. They are never excessive in tannins or alcohol in their youth, and with age, they blossom gracefully to develop an intensity of flavour in the finish framed by strong minerality and natural acidity. Countless tales vouch for how Bass Phillip Pinot Noirs improve in the cellar, sometimes for well over twenty years.

Drinking Bass Phillip Pinot is a transcendental experience a dedicated wine lover must experience to fathom just how special these wines are. Immense, soil driven complexity, deliciousness and seemingly endless ageability are compelling reasons why many Pinot connoisseurs consider them legends.

梅酒 Plum Wine	<p><b>白岳 うめぼん Hakutake Umepon</b> 10% Vol 720ml</p> <p>Hakutake Umepon is a liqueur made from blending plum and Sumo (Dekopon) orange juice extract. Indeed, a unique mixture but the exquisite balance of tangy and sweet created a delightfully refreshing concoction.</p>	日本 Japan	65
	<p><b>雑賀黒糖梅酒 Saika Kokuto Umeshu</b> 11.9% Vol 720ml</p> <p>Japanese plum with brown suger, rum &amp; black vinegar to make its taste rich, sweet &amp; even a bit smokey.</p>	日本 Japan	75
清酒 Sake			
热或冷/Hot/Cold	<p><b>白瀧濃醇 魚沼純米 Shirataki Noujun Uonuma No Junmai</b> 16-17% Vol 300ml</p> <p>The nose on this unique sake is a wonderful collection of butterscotch, caramel and maple syrup candy aromas. It has only been milled or polished to 80%, which isn't that much but draws and emphasis on feeling and flavor. Smooth and lush, rich, round and layered and balanced. This sake represents and a new fuller bodied sake coming from Niigata prefecture and it drinks like a dream. There is a solid roasted rice vein with hints of honey and a dash of caramel tones.</p>	新潟 日本 Niigata, Japan	33
冷/Cold	<p><b>白瀧 熟成の上善如水 Shirataki Jukusei No Jozen Mizunogotoshi Junmai Ginjo</b> 15-15.9% Vol 300ml</p> <p>This sake has matured in the tank for two years at low temperature. It is the 'older sister' of the Jozen White. The aroma is a mix of mineral tones and fruit. The first sip is like water rushing over rocks. These are subtles swirls of peach, nectarine and juicy cherry that melt into a delicate rice grain finish. The mineral undertones of the water jion together the sweet with the savory, and the past with the present. Best served chilled.</p>	新潟 日本 Niigata, Japan	39
冷/Cold	<p><b>朝日山 純米吟醸 Asahiyama Junmai Ginjo</b> 15% Vol 720ml</p> <p>This delicious Junmai achieves a perfect balance between its taste and smooth, brisk finish. It is made by all local ingredients, the rice is harvested in this field and clean soft water from snowing mountains.</p>	新潟 日本 Niigata, Japan	69
冷/Cold	<p><b>獺祭 純米大吟醸 磨き23 Asahi Dassai 23 Junmai Daiginjo</b> 16% Vol 720ml</p> <p>Made with Yamada Nishiki genmai brown rice milled down to 23%, this particular Dasai pays particular attention to its rice milling process, creating a brew that's delicately sweet like honey with a lasting aftertaste. Best enjoyed chilled.</p>	山口 日本 Yamaguchi, Japan	198
冷/Cold	<p><b>久保田 純米大吟醸 Kubota Manju Junmai Daiginjo</b> 15% Vol 1.8L</p> <p>500 years of sake making experience have culminated in Kubota Manju, a sake said to be one of the finest around. This crowning achievement has a plush texture with several layers of flavour. Each sip is a new journey, revealing more and more, like watching an artist paint up a gorgeous portrait. With countless gold medals under its belt and more than a few high recommendations, Kutoda Manju's timeless taste is one that you will always enjoy.</p>	中部 日本 Chubu, Japan	299

<b>江小白 Jiangxiaoba 40% Vol 100ml</b> Jiangxiaobai Sorghum Wine 'S' Stands for Selenium which is a precious and healthy microelement in the soil where the sole ingredient of Jiangxiaobai baijiu.	重庆 Chongqing, China	29
<b>红星二锅头 Red Star Erguotou 56% Vol 500ml</b> Red Star Erguotou is famous for its 'mellow entrance, crispy taste and refreshing fragrance', which is also the overall style and characteristic of the Red Star Erguotou series. The 'fresh and mellow' Red Star hails from 1680's Qing Dynasty and is the warmest memory of generations of drinkers.	北京 Beijing, China	66
<b>牛栏山二锅头 Niulanshan Erguotou 56% Vol 500ml</b> Niulanshan Erguotou is an easy drink on the palette with a hint of apricot in the finish. In 1952 several distilleries were merged into the modern day Niulanshan distillery and as an independent distillery it has one of the largest production capacities in China with an output of 150,000 tonnes per annually.	北京 Beijing, China	78
<b>北大仓君妃 Beidacang Junfei Spirit 50% Vol 410ml</b> Beida Cang Junfei Liquor is a newly launched product, which is considered one of the best North-East liquor with a very high reputation. This is a Maotai-flavor liquor produced by Beida Cang Distillery using a unique brewing process. This aroma-type North-East wine has different styles. It has the characteristics of prominent aroma, elegant and delicate, sweet and refreshing with a long aftertaste.	黑龙江 Heilongjiang, China	165
<b>五粮液 Wuliangye 52% Vol 500ml</b> Chinese liquor, represented by Wuliangye, has more than 3,000 years of brewing history and is one of the world's oldest and most mysterious food manufacturing industries. Wuliangye uses five kinds of grain of sorghum, rice, glutinous rice, wheat and corn as raw materials and is powered by 'bags and songs'. The unique style of entrance is luscious, the throat is clean, the taste is harmonious, just right and the wine is comprehensive.	宜宾 Yibin, China	380
<b>茅台王子 Kweichow Moutai Prince 53% Vol 500ml</b> Made from the same water source and quality grain as Kweichow Moutai, though with a shorter distillation period, the Prince is a fresher, lighter and more delicate variation with a sweet aroma of apple and pear.	贵州 Kweichow, China	238
<b>飞天茅台 Kweichow Moutai Fairy 53% Vol 500ml</b> Kweichow Moutai is the most revered of Chinese liquors, primarily consumed as a national celebratory drink. One production cycle per year, after two feedings, nine steamings, eight fermentations, seven distillations, its aroma and taste are reminiscent of soy sauce, pear, walnut and almond. Kweichow Moutai was awarded the honourable title of National Liquor, the highest accolade for any wine or spirit in China.	贵州 Kweichow, China	628
